The City shall reserve the right to request full-certified copies of the insurance policies and endorsements.
- g. Subcontractors. Contractor shall include all Subcontractors as insurers under its policies or shall furnish separate certificates and endorsements for each Subcontractor. All coverages for Subcontractors shall be subject to all of the requirements stated herein.
- h. Assumption of Liability: The Contractor shall assume liability for all injury to or death of any person or persons including employees of the Contractor, any Subcontractor, any supplier, or any other person and shall also assume liability for all damage to property sustained by any person or persons occasioned by or in any way arising out of any work performed pursuant to its contract with The City.

To the fullest extent permitted by law, the Contractor shall be required to defend, indemnify and hold harmless The City, its officials, agents and employees, against all injuries, deaths, loss, damages, claims, patent claims, suits, liabilities, judgments, costs and expenses, which may in anywise accrue against The City, its officials, agents and employees, arising in whole or in part or in consequence of the performance of the work by the Contractor, its employees, or Subcontractors, or which may in anywise result therefore, except that arising out of the sole legal cause of The City, its agents or employees. Contractor shall be permitted to contest any such fines or penalties in administrative or court proceedings; provided, however, that Contractor shall pay such fines or civil penalties prior to such protest if payment is required prior to making such protest. Contractor shall be held solely responsible for all costs, including attorneys' fees and administrative expenses, of protesting any such fines or civil penalties.
